Portfolio: https://bblasio.github.io/My-Portfolio/

Detail-oriented IT Professional and aspiring Cybersecurity Analyst with hands-on experience in IT support, system administration, and security operations. Skilled in troubleshooting, infrastructure maintenance, and user support, while also developing expertise in vulnerability assessment, incident response, and network defense. Strong foundation across Linux and Windows environments with a proven ability to secure systems, reduce downtime, and enhance organizational resilience. Passionate about leveraging both IT and cybersecurity skills to protect digital assets and deliver reliable technology solutions.

SKILLS AND EXPERTISE

Technical Skills
- Cyber Security
- System and Network Administration,
- Cloud Computing
- IT support
- Help desk
- Database Management,
- Artificial intelligence

Soft Skills
- Communication Skills
- Emotional intelligence
- Quick response to change
- Innovation and Creativity

WORK EXPERIENCE

Vince Solutions Limited: IT support, May 2024 – October 2024
- Monitored and responded to security alerts across company systems, improving incident detection rates by 30%.
- Supported endpoint security by implementing antivirus policies and conducting regular vulnerability scans.
- Managed user access controls, helping to reduce internal threat exposure and enforce least privilege principles.
- Delivered frontline IT support by resolving technical issues and maintaining system uptime across multiple departments.
- Configured secure Wi-Fi networks with WPA3 to prevent unauthorized access.
- Managed user accounts and access controls, reducing internal threat exposure and supporting operational efficiency.

Kisumu Law courts: IT trainee, May 2023 - August 2023

- Provided IT support by troubleshooting connectivity issues, reducing downtime by 40% across 100+ network nodes.
- Collaborated with IT staff to configure firewalls, secure workstations, and ensure reliable courtroom technologies with 99.9% uptime.

- Assisted in configuring 50+ secure endpoints, strengthening access controls and system reliability.
- Collaborated with the IT team to troubleshoot connectivity and access issues, reducing system downtime.
- Configured 50+ secure workstations and courtroom technologies, maintaining 99.9% uptime with zero critical failures.

EDUCATION
