LinkedIn: <https://www.linkedin.com/in/blasioodhiambo>

Portfolio: <https://blasio.netlify.app/>

Recent Bachelor of Science in Information Technology graduate and cybersecurity enthusiast with practical experience in IT support, system administration, and security operations. Solid foundation in Networks & Digital Infrastructure, Information Security, Software Development, and AI, with a strong commitment to continuous learning and applying innovative solutions to real-world challenges. Eager to contribute to Kenya's digital transformation through the Digitalent Program by applying technical skills, gaining mentorship, and building professional networks in alignment with the National ICT Master Plan.

SKILLS AND EXPERTISE

Technical Skills

- Information Security
- System and Network Administration,
- Cloud Computing
- IT support and Help Desk Solutions
- Database Management
- Artificial intelligence

Soft Skills

- Interpersonal communication and collaboration Skills
- Emotional intelligence
- Quick response to change
- Presentation and reporting skills
- Innovation and Creativity

WORK EXPERIENCE

Vince Solutions Limited: IT support, May 2024 – October 2024

- Monitored and responded to security alerts across company systems, improving incident detection rates by 30%.
- Supported endpoint security by implementing antivirus policies and conducting regular vulnerability scans.
- Delivered frontline IT support by resolving technical issues and maintaining system uptime across multiple departments.
- Configured secure Wi-Fi networks with WPA3 to prevent unauthorized access.
- Managed user accounts and access controls, reducing internal threat exposure and supporting operational efficiency.

Kisumu Law courts: IT trainee, May 2023 - August 2023

- Provided IT support by troubleshooting connectivity issues, reducing downtime by 40% across 100+ network nodes.
- Collaborated with IT staff to configure firewalls, secure workstations, and ensure reliable courtroom technologies with 99.9% uptime.
- Assisted in configuring 50+ secure endpoints, strengthening access controls and system reliability.
- Collaborated with the IT team to troubleshoot connectivity and access issues, reducing system downtime.
- Configured 50+ secure workstations and courtroom technologies, maintaining 99.9% uptime with zero critical failures.

PROJECTS

1. **Smart Goat Management System** - <https://smartgoatmanager.streamlit.app/>
 - Developed an intelligent farm management system to help goat farmers track livestock records, breeding cycles, and health data.
 - Integrated AI models for pattern detection and farm insights, improving decision-making and productivity.
2. **Personal Portfolio Website** – <https://blasio.netlify.app/>
 - Designed and developed a responsive portfolio website to present personal projects, skills, and professional background.
3. **Carbon Emission Forecasting App**- <https://carbonforecast.streamlit.app/>
 - Built a machine learning model to predict carbon emission levels based on energy usage and transportation data.

EDUCATION

- May 2025 - present, Cyber security, Cyber Shujaa
- May 2025 – Present, AI for Soft Engineering PLP
- Jan 2025 - May 2025, Cloud Computing, Emobilis Training Institute
- Jan 2021- Nov 2024, Bachelor degree in Information Technology, University of Eldoret

CERTIFICATION AND PROFESSIONAL CERTIFICATES

- July 2025 Oracle AI foundational Associate.
- May 2025, AWS Certified Cloud Practitioner.
- Google professional Cyber Security Certificate, Coursera
- Google Professional IT support Certificate, Coursera
